January 20, 2020

Dear Mr. Shah:

Subject-Karachi Mobility Project "Yellow Bus Rapid Transit Corridor"
Detail Designs/ Supervision Consultant and Project Management Team

I would like to thank you for the meeting that took place in Karachi on January 16th to discuss the launch of the implementation of the Karachi Mobility Project. The Loan Agreement of the Project (8995-PK) was signed and became effective on November 26, 2019.

As agreed, I would like to request your close attention to the following critical issues, so the Project is on track for implementation as per the project agreement:

- Publication of the Expression of Interest for the Detail Designs and Supervision Consultant by January 24, 2020.
- Assignment of a Project Director by February 15, 2020 to lead the Project Management Team. Please share with us the notification of the Project Director once issued so we take note of it.
- Hiring of six specialist positions from the market and on competitive basis to form the Project Management Team by March 31, 2020. These are: Procurement, Financial Management, Environment, Social, Gender and Communications specialists whose jobs' description have been agreed with SMTA several months ago. These positions will be funded from SMTA's budget. Please share with us the advertisement of these positions once published.
- Additional engineering and technical staff may be hired as per PC-1 requirement before commencement of civil works and taking into consideration the results of the ongoing batch recruitment that SMTA is doing in order to avoid duplication of hiring.

Once again, I thank you for your commitment to this Project and I look forward to continuing our support to the Government of Sindh in implementing a world class mobility system in Karachi that will be a model for other mega cities around the world.

Sincerely yours,

Said Dahdah
Senior Transport Specialist
Task Team Leader

implement the Project, rather than setting up an exclusive standalone Project Implementation Unit.

32. Stakeholder consultation and an effective communication strategy will be critical. The Project has carried out extensive consultations with all stakeholders, including KMC, KDA, Transport Ittihad, Korangi Association of Trade and Industry (KATI), local administration, Non-Government Organizations (NGO) and others, and will continue stakeholder engagement throughout Project implementation.

III. IMPLEMENTATION ARRANGEMENTS

A. Institutional and Implementation Arrangements

33. Implementation period of the Project is planned for six and a half (6.5) years (July 2019 to December 2025).
34. The Project's Implementation Arrangements cannot be designed in isolation of the existing institutional arrangements in the urban transport sector. SMTA remains a nascent and understaffed authority, and needs support to be able to plan, design, implement and manage mass transit systems in Karachi and other cities of Sindh. Its organogram shows 69 professional positions, of which only 19 have been filled.
35. International experience finds that SMTA should focus on defining a policy for transport integration in Sindh, including regulations, strategic planning, and design of mass transit systems. For this, SMTA shall select staff with the required background who will be further trained to implement these activities throughout the Project lifecycle. SMTA may delegate some of its functions to TransKarachi, especially the management of the operations and maintenance of the mass transit corridors once they are built.
36. Project oversight will be the responsibility of the SMTA Board. A separate Project Steering Committee is not envisaged as all concerned stakeholders are already part of the SMTA Board. The Board may co-opt any person as a Member of the Board for any particular purpose, but such person shall not have right of vote. SMTA and Sindh Transport and Mass Transit department will ensure meetings of SMTA Board are held regularly i.e. at least once a month for the first year of Project implementation.
37. The Project does not envisage a separate standalone Project implementation unit. An internal Project Management Team (PMT) comprising of existing SMTA staff will be notified and will be supported by management and technical consultants as necessary. This arrangement will allow the Project to build SMTA's capacity, which is not possible with a Project Implementation Unit (PIU) model that is normally staffed with individual consultants. The Project Management Team will consist of staff from the Directorates of Planning, Projects, Bus Operations, ITS and Business Development. The Project Director is expected to be notified before no later than one month after Project effectiveness. SMTA has already started the process of hiring key positions including specialists on Environment, Communications and Gender, and Secretary of Board. Moreover, SMTA plans to continue the recruitment process by onboarding social, procurement, financial and contract management specialists. All the above positions will be filled no later than one month after Project effectiveness. Additional engineering and technical staff will be hired as per requirement before commencement of civil works.

38. The Project Management Team will receive support from a dedicated infrastructure Project

Project's objectives; and (b) overall Project performance against Project monitoring indicators. A Mid-Term Review will be undertaken not later than 36 months after Effectiveness to more comprehensively assess implementation progress and set out any measures to ensure continued efficient implementation and the achievement of the PDO by the Project's closing date.

C. Sustainability

45. The PPP arrangements for the operations and maintenance of the BRT system will ensure sustainability of quality services delivered by private operators. A Concessionaire will be selected through an international competitive bidding process to finance, operate and maintain bus operation and ITS services and to manage the stations along the Yellow Corridor. The World Bank may also offer a credit enhancement to the prospective bidders for the (Operations and Management) O&M contract in the form of a payment (and/or loan) Guarantee, which will lower the risk and widen the competition, thus contributing to the long-term financial sustainability of the system.
46. The Project infrastructure will be disaster and climate resilient. The structures will conform to the relevant codes related to earthquake zoning and will also ensure adequate surface and sub-surface drainage is built into the infrastructure design to cater to any potential flooding. Weather resistant material will be used for the road construction. The paving material will be such that it will withstand extreme weather conditions of heavy rains and high temperatures. The surface material will be specially selected to resist water and prevent it to be washed away. Storm water drainage system will be constructed along the corridor to avoid flooding of the road. The capacity of the drainage system is designed in anticipation with extreme weather conditions predicted under international climate change models for Karachi region to cater for maximum storm water runoff.
47. The proposed Project will focus on climate change adaptation and mitigation measures and other environmental Co-Benefits. It will shift road users from polluting transport modes (e.g. old, poorly maintained buses and motorcycles) to lower carbon modes (e.g. cleaner BRT buses and non-motorized transport) and ensure better traffic flow, and use climate-resistant material for road construction, an appropriate drainage system and incorporate features at Stations to attenuate heat waves. It will also reconstruct the existing Jam Sadiq bridge crossing the Malir river and will construct a new one parallel to it doubling the road link's capacity. Similarly, it will reconstruct the southern side of the Kala-Pull bridge.
48. A storm water drainage system will be constructed for the underpasses. The underpass roads will be sloped to collect water at grates that will lead to the drainage pipe and collection pits. Submersible pumps will be installed at the collection pits to discharge storm water to the nearby storm water drain network. A set of submersible pumps will also be added to serve as backup pumps. The capacity and the number of collection pits and submersible pumps will be computed based on extreme weather conditions predicted under international climate change models for Karachi region. Generators will be installed at each underpass as a power backup for the submersible pumps because of power outage issues during rainy season.
49. The Project is also ensuring institutional sustainability by building capacity within the SMTA. The Project will be implemented through SMTA's staff, rather than setting up a separate Project implementation unit. This will ensure long term ability of SMTA to implement and manage other mass transit Projects in Karachi and other cities in Sindh.

TRANSPORT & MASS TRANSIT
DEPARTMENT

Summary No. 61, dated 24-01-20

SUMMARY FOR CHIEF MINISTER, SINDH

SUBJECT: HIRING OF INDIVIDUAL CONSULTANTS FOR URBAN MOBILITY PROJECT (YELLOW LINE BRTS).

The World Bank team carried out the Appraisal mission during the period April 20th to May 3rd 2019. It was proposed by the World Bank mission that the current strength of SMTA human resource is not meeting the demand of increasing work load undertaken by the Sindh Mass Transit Authority. With the current meager technical resources, the SMTA has taken various initiatives for development of BRTS projects that include Orange, Yellow, Red Line, VICS, Construction of Bus terminals, Inter and intercity and mega KCR project.

2. In view of the above, circumstance as stated above, it is proposed by the World Bank team that the services of below mentioned Individual Consultants/ Specialist that include professional staff may be hired on contractual basis for period of one (1) year on market base salary initially on performance basis to smoothly complete the project. For letter from World Bank is at (Annexure-I).

S.#.	Description of Professional
1	Environmental Specialist
2	Communication Specialist
3	Gender Specialist
4	Social Specialist
5	Procurement / Contract Management Specialist
6	Financial Management Specialist

3. The Terms of Reference (ToRs) and key responsibilities of these specialists are shared and discussed with the World Bank team (Annexure-II). The requirements of these specialist positions are mentioned in the Project Appraisal Document (Para 37. (Annexure-III). The World Bank has emphasized on the urgent hiring requirements.

NOTE FOR THE SECRETARY
TRANSPORT & MASS TRANSIT DEPARTMENT, SINDH

SUB: HIRING OF INDIVIDUAL CONSULTANTS/SPECIALISTS FOR KARACHI
URBAN MOBILITY PROJECT, YELLOW LINE BRTS.

Pursuant to approval accorded by your good office as at paragraph 10 on Yellow Line BRTS, SMTA's Note of even No. dated 27-10-2020 (Annexure-A), A detailed information regarding the selection process and hiring of candidates for the roles of Financial Management Specialist (FMS), Procurement/ Contract Management Specialist (PCMS) and Communication Specialist (CS) was communicated to the Task Team Leader (TTL) of World Bank vide email dated 20-11-2020, beside email communication the World Bank team was also engaged to have final words with the selected candidates. Based on the conversation with the selected candidates the bank suggested to re-advertise the PCMS position in addition the bank also recommended Mr. Javaid Islam (candidate no. 3 in order of merit) for the position of FMS instead of Miss Kanza Aslam Memon. The reason to decline her selection was the Bank's Policy to not hire any employee who is already working on similar nature of assignment with the bank. so other projects do not suffer due to employee leaving the project / assignment. Accordingly, Miss Kanza Aslam is working as Internal Auditor with additional charge of FMS in Karachi Neighborhood Improvement Project (KNIP) and Mr. Sanjay Kumar (No. 2 in order of merit) is working as FMS in federal EPI Cell, Ministry of National Health Sciences, Government of Pakistan, that's why their candidature was not considered by the Bank and recommended to re-advertise the position (Annexure-B).

2. Furthermore, in accordance with the World Bank's virtual supervision mission letter dated 07.10.2020 (Annexure-C) and the agreed action plan, the following positions are required to be advertised.

Dear Mr. Imran,

Apologies for the delayed response but it is a while to go over all the candidates.

- I would like to confirm that current Domicile should not be a factor not to shortlist a candidate, obviously if selected he/she needs to establish a residency in Karachi and reside permanently in Karachi.
- Our rule of not shortlisting existing PIUs staff or other bank's financed projects in Pakistan remains the same. However since few of them indicated that they are leaving their current position anyway, then it is OK to interview them. BUT if selected you still need to get it cleared by us first so we double check their exact status. We don't want them to be pretending leaving their job so they get an interview with you. Ideally we would want them to have left their current job before the interview and without any guarantee from you that they will be selected for this job.

Based on the information you shared with us, we recommend the following candidates to be interviewed.

1. Environment Specialist Position

- Syed Jalal Abbas Jafri
- Raheel Ahmed
- Muhammad Ahmed
- Adnan Saleem Khan
- Zeeshan Khan Afridi
- Jibrin Khalid Kiwai – His final selection will be pending on getting it approved by us since he is currently working on another WB project in Sindh
- Um-e-Alman

2. Social Development Specialist

- Amir Hamza – His final selection will be pending his confirmation that he has completed his residency requirement for his PhD in China and that he will be able to manage his job while writing a PhD dissertation

3. Gender Specialist Position

- Human Ashar
- Nazia Mir
- Uma Bano – Her final selection will be pending on getting it approved by us since she is currently working on another WB project in Karachi

4. Procurement Specialist

- ASAD RASOOL
- Tariq Haque
- Mohsen Islam Khan

We proceed with the interviews and let us know the outcome so we meet with your selected candidate for each position before you extend them a job offer.

Best regards

Said
